Great service -- conscientious work

Beth Kendall

A basement flood caused us to replace all the carpeting in our finished basement, and the Dalton folks found the pattern we had ordered 10 years ago. Their installers were conscientious guys and careful workers -- and when they actually found a flaw in the carpet (which is hard for me to see) they reported it to the office, who had them install for our comfort, but is planning replacement carpet again, to be installed at our convenience. Couldn't ask for more.

We got LVT flooring for our living areas and carpet for our bedrooms from Dalton Carpet. We couldn't be happier with the results. First off, Paul Deaton there is amazing to work with. Sam is awesome as well (he scheduled the installation). We took several months planning and changing our minds, even after we ordered the carpet for the whole house. Paul was very flexible and patient with our many changes. We went from thinking all carpet to LVT plus carpet. We installed the LVT ourselves and had Dalton install the carpet areas. Our stairs were also carpeted and laid by Dalton Carpet. We love all of it. The LVT is an amazing weathered wood look and goes equally well in our family room, kitchen, and downstairs rooms. The carpet in the bedrooms and on the stairs is beautiful as well. And so plush to walk on. The 2 installers for the carpet were efficient and did a great job. They were completely done in less than a day. So happy to have our house looking so good! I'm very pleased with the whole process. Thank you Paul, Sam, and Dalton Carpet!

Dalton Carpet, Home town team

Sally Turner

The job was done unsupervised and therefore on trust. They did a good job except for forgetting to put the closet doors back on which was remedied expeditiously. My friends have been walking through the house telling me how great the floors look! I would use Dalton again.

Casey Jo was wonderful

The stair refinishing was terrible. I told them the stain was too light and they insisted it would darken. They rushed through and left before I saw the result. The power sanding left dust throughout. You should not use that contractor again. The vast majority was excellent. If I ever go back to work I would try to steal Casey.

DCO Adopted Families

We would like to thank all of those who donated money, toys, and home goods for our adopted families! We raised more than \$1,200 and used the money to purchase clothes, fun toys, and gifts for FIVE families! Three of these families could not afford Christmas (one said she received a letter from Santa saying that the he ran out of money... thankfully, DCO Elves were able to step in!). One was an elderly lady who didn't have anyone to receive gifts from. The final family used to be homeless and now has a house, so we were able to help furnish it and provide clothes, toys for the kids, and necessary home supplies. I am SO proud of our DCO Family! Thanks for all your help!

The Hunt Family was very grateful! They wrote us a thank you note: "Words alone will never express the joy and complete gratitude I have for you all. God Bless you and your family from mine to yours."
